

India rescues Bangladesh again, sends two ships with 16000 tonnes of..., the deal is

Bangladesh has signed a deal to purchase rice from India. Under this agreement, 300,000 tons while the Thailand-flagged MV Sea Forest brought 8,700 tons of rice from the Kolkata port to Bangladesh.

India rescues Bangladesh again, sends two ships with 16000 tonnes of..., the deal is Bangladesh has signed a deal to purchase rice from India. Under this agreement, 300,000 tons of rice will be provided to Bangladesh from India. Of this, 40 percent will be sent to Mongla port and the remaining will be sent to Chittagong port.

The rice shipment was sent to Mongla port on Saturday, where Bangladeshi officials received it. Bangladesh received this shipment of rice at a time when relations between the two countries are tense over several issues.

According to the Dhaka Tribune newspaper, the office of the Mongla food controller reported that the Panama-flagged ship BMC Alpha brought 7,700 tons of rice from the Dhamra port, while the Thailand-flagged MV Sea Forest brought 8,700 tons of rice from the Kolkata port to Bangladesh. The first shipment of rice from India arrived in Bangladesh.

Tensions in the relationship between India and Bangladesh have persisted since Sheikh Hasina was ousted from power last August. Despite this, trade relations between the two countries continue. However, a few days ago, Bangladesh's interim government led by Mohammad Yunus stated that it would attempt to cancel some agreements with India during the meeting of the directors' general of border guards of both countries in February. So far, this has not affected trade agreements.
