

Sarjis: May we not betray this great responsibility

If we want to organize Bangladesh properly, all political parties must unite

If we want to organize Bangladesh properly, all political parties must unite. Jatiya Nagorik Party's Chief Organizer (Northern Region) Sarjis Alam highlighted the importance of remaining faithful to their responsibilities, saying that they must not betray the trust placed in them, despite the short span of life.

He made the comments on Friday afternoon at the Jatiya Nagorik Party's inauguration event in front of the Parliament Building on Manik Mia Avenue in the capital. Sarjis Alam said: "If we want to organize Bangladesh properly, all political parties must unite. Then, the future Bangladesh will be a Bangladesh of unity. Hasina has destroyed all institutions of this country. All political parties must unite to restore these institutions."

He added: "We must collectively ensure justice for the murderer Hasina. We should not go to police stations to seek the release of any criminals." He further said: "If the major political parties do not allow smaller parties to move forward, another autocracy may be established. We should learn this lesson from the murderer Hasina. Keeping the country and the nation above all, we must build a new and equal Bangladesh."
